

MEDICARE ADVANTAGE PLANS FOR HARFORD COUNTY

Medicare Advantage Plans or sometimes called “Part C”-these are plans offered by private companies and approved by Medicare to cover Medicare Part A and Part B benefits and services. Generally, you may pay a premium each month to join one of the plans. You must have both parts of Medicare to join one of the plans and **continue to pay your Medicare Part B premium.**

They may also offer additional benefits such as vision and dental coverage. You must choose a Part D Medicare drug plan from the Medicare Advantage plan if they offer one. If you are enrolled in a Medicare Advantage Plans, Medicare services are covered through the plans, and are not paid for under Original Medicare. If you use a provider outside of your plans network, you may pay 100% of the cost. In addition to the monthly premium, you will pay copays for doctor services, diagnostic services, and hospital services.

Call the companies listed for additional information.
